

Required Tech Specs

Computer & Technology Requirements

Students are required to have sufficient technology and resources to successfully participate in and engage in all aspects of learning during the bootcamp. It is the responsibility of the student to ensure they have the needed equipment prior to beginning their program.

For All Programs

Computer should be **no more than (3) years old** and fully functional with latest software and security updates.

Minimum screen size of 15".
It is strongly suggested you have a secondary monitor of equal or greater size.

A working **microphone, webcam, and speakers or headphones.** It is also suggested to have a hand held mouse.

A consistent and reliable **internet connection.** Required **download speed of 20mpbs** or higher AND **upload speed of 10mpbs** or higher.
